

HEADS OF NOOSA BREWING CO.

Located in the heart of the industrial estate of Noosaville, the Heads of Noosa Taproom is the perfect place to sit back and relax, away from the busy hub. The Taproom is a unique window into the brewery where you can enjoy their full range of beers on tap whilst indulging in the best of their seasonal menu.

Choose from multiple spaces available for functions, suitable for small and large groups with food and drink packages to suit all occasions.

For a full brewery experience they have their very own brewery tours which are available to book online. On-site brewery tours are an incredible insight into the working brewery, lager production and of course the story behind Heads of Noosa and how they came to be.

For general visitation they are open from 11am Wednesday through to Sunday with extended opening hours over busier periods. Keep an eye on their website and socials for updates. Come in, meet the friendly taproom team, grab a tasting paddle, enjoy some local live music on a Friday afternoon or make a day of it with their brewery experiences. Visiting the Heart of Heads is a must whilst in Noosa!

FEATURES

- Exceptional wine list for the non-beer drinkers
- Private area bookings available (can include the whole venue)
- Presentation capability (TV & speaker system)
- Delicious canapé menu to compliment the beer
